FROM: Paula Myrick Short, Ph.D.  
Senior Vice Chancellor for Academic Affairs, UH System  
Senior Vice President for Academic Affairs and Provost, UH

DATE: April 12, 2017

RE: **University of Houston FY 2018 Planning & Budgeting Guidelines**

---

**Planning Assumptions**

Looking ahead to next year, the University of Houston is facing serious budget challenges: First, due to the state's economic slowdown, the Legislature will devote less funding to public universities over the next two years. The impact on UH will be significant, with an anticipated cut ranging from 3-8%. Second, graduate enrollment continues to struggle, declines in which necessitated a mid-year budget reduction this year that was absorbed by the Office of the Provost and other university divisions. And finally, various bills under consideration by the Legislature would freeze tuition and fees in future years or limit them to inflation, making it more difficult for universities to address their basic needs.

Nevertheless, even in difficult financial times, we must move forward on the university's goals. To that end, President Khator has decided that the university will reallocate resources to account for the state budget cuts and create, along with new tuition revenue, a small pool of resources to fund institutional priorities next year. The administrative divisions, including the Office of the Provost, will submit a plan to reduce their FY 2018 centrally allocated budgets by 7%. To protect our educational and research activities to the greatest extent possible, colleges will submit a plan to reduce their budgets by 5% (from fund codes 1026, 1054, 1102, 2064).

The extent to which these budget reductions are ultimately implemented will depend on two factors: (1) the final amount by which the state reduces our appropriation, which will be known by mid-June, and (2) our ability to achieve our enrollment targets (5% growth for undergraduate, 5% for graduate, and 1% for professional), which will be known by late summer/early fall. All budget reductions and resource allocations made through this planning process are preliminary until then.

### **Components of College Plans**

The college plans for FY 2018 will include the following components:

- Performance Evaluation – College Success Measures – Did your college move the needle on these measures? (Attached)
- FY 2018 Plan for Budget Reductions
- FY 2018 Plan for New Initiatives
- FY 2018 Faculty Hiring Plan

The narrative section of your plan (excluding the budget forms) should be no more than seven pages (single spaced). You should be complete but concise in your approach. Doing so will aid in the review process. If I need additional information, I will request it.

### **College Success Measures and Performance Evaluation**

The first part of your FY18 plan will be an evaluation of how your college is contributing to the university's goals of student success and national competitiveness. In this evaluation, you should discuss how your resources are deployed to further these goals (with special reference to recent planning initiatives/investments) and how your operations have impacted college success measures related to these goals over the past three years. Since assessment of past performance is critical to informed planning, your performance evaluation should provide context for the new initiatives proposed in your FY18 plan. In addition, a summary of the faculty positions and other new initiatives that were authorized during the FY17 planning process will be made available to you on the Office of the Provost's SharePoint site. Please provide an update on where you are in filling these positions and implementing these initiatives.

### **FY 2018 Plan for Budget Reductions**

The reduction amount for your college will be forwarded to you under separate cover. In meeting this reduction, I ask that you provide a very brief description (one paragraph) of each activity you plan to reduce, including its dollar value and use of funds (e.g., faculty or staff FTE, M&O, capital, etc.). The cuts should be listed in order from the most sustainable to the least, so that I understand to which activities funding will be restored if we don't need to implement the full reduction. In determining your reductions, to the greatest extent possible you should preserve activities that directly support your instructional and research mission.

### **FY 2018 Plan for New Initiatives**

The move to outcomes funding has greatly simplified the annual budget planning process. In fact, all new resources for planning purposes next year will be in the form of outcomes funding. Your allocation from the outcomes funding pool will be forwarded to you separately. Given our financial challenges, these resources will be available only for current-year funding in FY 2018 – in other words, this is not base funding. Please take this into account when developing your plans.

In this section of the plan, please provide brief descriptions of your proposed investments, including dollar value and use of funds (e.g., staff FTE, M&O, capital, etc.). Your initiatives should be justified in terms of how they will support the university's goals, as well as how they will enable you to move the needle on your college's success measures. If I approve of your plan

– and, as indicated earlier in these guidelines, resources are ultimately available at the end of the summer – you will be authorized to move forward.

### **FY 2018 Faculty Hiring Plan**

Your faculty hiring plan should include the full-time faculty (both tenured/tenure-track and instructional) that you are requesting authorization to search for next year. Unlike past years, given our current budget challenges, no new resources will be made available to fund these positions. All positions must be base funded through existing college resources. All positions in your faculty hiring plan should be described/justified in terms of their ability to meet instructional demand in new or growing programs, as well as their potential to support the development of nationally-ranked programs through increased research and scholarship. For each position, you should also include your needs for faculty start-up.

### **FY 2018 Budget Templates**

In support of your narrative, I ask you to complete the following one-page budget templates, which will be posted to the Provost's Office SharePoint site by April 14:

#### Summary of Budget Reductions Plan

On this template, please prioritize each reduction by how it would affect performance. Reductions identified first should impact performance the least (i.e., item #1 would impact performance less than item #2).

#### Summary of New Initiatives Plan

You should include on this form each new initiative, other than faculty lines and related start-up, that you are proposing for FY18. For each initiative, you should identify the goal it supports (national competitiveness, student success), the proposed use of funds (e.g., salaries, M&O, renovation), and the proposed source of funds (i.e., college or central).

#### Summary of Faculty Hiring Plan

On this template you are asked to identify the positions you are requesting approval to search for next year. Your proposed positions should include both tenure-track and instructional faculty lines. As indicated above, 100% of the faculty hiring plan must be funded through existing college resources.

\*All of the proposed faculty lines and other initiatives identified on these forms should be described in the narrative component of your plan.

### **Plan and Budget Forums for College Faculty**

To ensure greater transparency and participation in the budget planning process, please hold a public forum for faculty, during which you discuss your budget reductions/priorities for next year and solicit their input. The forum should be held before submitting your FY18 plan and budget materials.

### **Submission and Review of Plans**

Your college's plan and budget materials should be filed on the Provost's Office SharePoint site by Friday, May 19. Plan and budget hearings will begin shortly thereafter. Chris Stanich and Sabrina Hassumani will be available to answer any questions about the process and guide you in the preparation of these materials.

## **Formula Funding from the State of Texas**

**Conference Comm for SB1 (05-23-17) vs Appropriated FY16-FY17 University of Houston**

<u>Formula</u>	-----FY2016-2017 Biennium-----			-----FY2018-2019 Biennium-----			-----Biennial Change----

**SPECIAL PROVISIONS RELATING ONLY TO  
STATE AGENCIES OF HIGHER EDUCATION**

(Continued)

**Sec. 24. Participation in Drug Development Research Projects.** A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under §576.022, Health and Safety Code.

**Sec. 25. Post Tenure Review.** None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board policies and procedures regarding post tenure review which have been adopted by the board of regents. Post tenure policies shall include review procedures to determine that a tenured faculty member is performing consistently at an acceptable, professional level and a mechanism whereby a faculty member is informed of any deficiencies and provided opportunities to effectively improve his or her performance.

**Sec. 26. General Academic Funding.** Appropriations made in this Act for formula funding for general academic institutions will consist of four formulas and supplemental items.

1. **Instruction and Operation Formula.** The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the 2018-19 biennium is \$55.82 in fiscal year 2018 and fiscal year 2019.

Weighting is determined by the following matrix:

	Lower Div.	Upper Div.	Masters	Doctoral	Special Professional
Liberal Arts	1.00	1.73	4.01	10.90	
Science	1.64	2.81	7.04	20.70	
Fine Arts	1.46	2.51	6.07	7.48	
Teacher Ed	1.53	2.07	2.39	6.91	
Agriculture	2.08	2.58	6.54	11.80	
Engineering	2.15	3.22	5.50	17.15	
Home Economics	1.11	1.76	2.79	9.09	
Law					4.77
Social Services	1.57	1.89	2.47	19.33	
Library Science	1.44	1.54	3.35	14.64	
Vocational Training	1.16	2.74			
Physical Training	1.46	1.26			
Health Services	1.02	1.55	2.54	10.19	2.50
Pharmacy	2.46	4.73	28.55	32.17	4.23
Business Admin	1.16	1.83	3.26	24.70	
Optometry					7.65
Teacher Ed Practice	1.91	2.18			
Technology	2.08	2.32	3.42	14.79	
Nursing	1.49	2.04	3.00	9.57	
Developmental Ed	1.00				
Veterinary Medicine					23.30

2. **Teaching Experience Supplement.** For the 2018-19 biennium, an additional weight of 10 percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by 10 percent per biennium, up to 50 percent.
3. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect

**SPECIAL PROVISIONS RELATING ONLY TO  
STATE AGENCIES OF HIGHER EDUCATION**

(Continued)

differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$5.41 in fiscal year 2018 and fiscal year 2019.

4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for non-formula support items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.
5. The General Academic Instruction and Operations and Infrastructure formulas shall incorporate the Higher Education Coordinating Board's October 2006 recommendations for mission-specific formula funding for Texas A&M University at Galveston.

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2018.

**Sec. 27. Health Related Institutions Funding.** Appropriations made in this Act for formula funding for health related institutions shall consist of four formulas plus supplemental non-formula items.

1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$9,431 in fiscal year 2018 and fiscal year 2019:

<u>Program</u>	<u>Weight Per Student</u>
Allied Health	1.000
Biomedical Science	1.018
Nursing	1.138
Pharmacy	1.670
Public Health	1.721
Dental	4.601
Medical	4.753

Instructional programs at remote locations and the main campus at The University of Texas Health Science Center at Tyler with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$6.11 in fiscal year 2018 and fiscal year 2019 for all health related institutions.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall be included in the total funding for hospital and center operations.

3. **Research Funding.** The health related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 1.16 percent in fiscal year 2018 and fiscal year 2019 of its research expenditures as reported to the Texas Higher Education Coordinating Board.
4. **Research at Clinical Partners.** Research conducted by faculty of a health related institution under a contract with a clinical partner shall be considered in the formula calculations for the Research Enhancement and E&G Space Support strategies as defined under Article III, Special Provisions

**The University of Houston**  
**Operating Budget for the Fiscal Year 2017**  
**Executive Overview**

The annual budget preparation process includes estimating revenues and expenditures. This includes all Educational and General Funds (Group1), Designated Funds (Group 2), Auxiliary Funds (Group 3), and Restricted Funds (Group 4 and 5). Budgets are developed at the detail (cost center) level for all funds, except Sponsored Programs (Group 5). Sponsored Program cost centers are estimated by the Research Division and reported at the college level.

The final product of this process will convey: How much money we have to spend; where we got the money; what we plan to do with it; and why we plan to spend it in the way we are proposing.

Each operating unit is responsible for developing it's own budget request. The dean or vice president of each operating unit will prepare a budget request in accordance with these guidelines. This request will be presented to the provost (in the case of a college) or the vice president (in the case of an administrative unit). The provost and vice presidents will then present the budget request for their respective divisions to the president. Requests should be justified within the context of the institutional goals as articulated by the president. After all the requests have been presented, the president will determine the final allocation of funds for the budget, within the context of the university goals.

Units are responsible for entering their budget requests directly into the Budget Development Module (BDM). After the final allocations have been communicated to the colleges and divisions, adjustments will be made to BDM.

Other highlights of the FY18 Operating Budget are:

State mandated statutory tuition rates will be at \$50 per semester credit hour (SCH) for undergraduate resident students. Nonresident tuition will be \$440 per SCH. Tuition and fee increases for FY2018 will be submitted at the August 24<sup>th</sup>, 2017 Board of Regents meeting.

Requests for *new positions* may be included in the material provided to the Provost or President.

All budgets from non-central sources must include projections for *revenue*. This should be based on historical data with adjustments for new activities in the coming year. Be prepared to explain significant variances from this year's budget.

Do not budget large amounts in unallocated cost centers. Funds should be allocated within the specific colleges or divisions where they will be used. Prudent contingencies, where appropriate, are allowed but should be justifiable.

## MEMORANDUM

February 23, 2017

TO: Chancellors and Presidents  
Texas Public Universities and Health-Related Institutions  
Public State Colleges

FROM: Raymund A. Paredes 

SUBJECT: Tuition Rate for Nonresident and Foreign Students  
for Academic Year 2017-2018

As directed by Section 54.051(d) of the Texas Education Code, Coordinating Board staff has determined that the tuition rate for nonresident students enrolled in public universities and health-related institutions for the academic year 2017-2018 will be set at \$465 per semester credit hour plus any designated tuition and, when appropriate, Board-authorized graduate tuition charged by your institution. Exceptions include tuition rates for nonresident students enrolled in medicine, veterinary medicine, dentistry, and law. The tuition rates for those students are provided in other paragraphs of Section 54.051 of the Texas Education Code.

The nonresident tuition set-aside for the Texas Public Educational Grant Program (TPEG) is 3 percent of the basic nonresident tuition rate of **\$465** per hour. TPEG set-asides are not subtracted from designated tuition or Board-authorized tuition.

This year, a new methodology has been used to determine the non-resident tuition rate. A description of the new calculation and a copy of the relevant statute are enclosed. If you would like more information about the figures, please contact Julie Eklund at 512-427-6533 or by e-mail at [julie eklund@the cb.state.tx.us](mailto:julie eklund@the cb.state.tx.us).

Enclosures

cc: Chief Fiscal Officer

**Texas Higher Education Coordinating Board  
Calculation of Nonresident Tuition Rates for Fall 2017**

Section 54.051 (d) of the Texas Education Code requires that nonresident student tuition equal the average tuition charged to a Texas resident attending a public university in each of the five most populous states of the United States. Because most states do not differentiate between tuition and fees, Coordinating Board staff interprets the Legislature’s directive to mean that the combination of base tuition, designated tuition, and fees in Texas should be equal to the average of tuition and fees in the other five most populous states. Beginning this year, IPEDS data from the prior year will be used for this calculation. An adjustment for inflation will be made based on the Consumer Price Index-Urban (CPI-U).

The five most populous states other than Texas, and their reported average nonresident tuition and fee figures for 30 semester credit hours (SCH) for the 2015-2016 academic year times CPI-U, are as follows:

California	\$24,091
Florida	\$21,138
Illinois	\$20,618
New York	\$17,292
Pennsylvania	\$20,774
Total	\$103,913
Average	\$20,782

Data Source: IPEDS

The base nonresident tuition for Texas was calculated as follows:

- Average tuition and fees for the five most populous states \$20,782
- Less:
  - Average TX mandatory fees for 30 SCH - 2,393
  - Average TX designated tuition for 30 SCH - 4,442
- Average nonresident tuition, less fees \$13,947
- Base Texas nonresident tuition per credit hour (\$13,947/30 SCH) \$ 465

To the base nonresident tuition, each institution should add designated tuition and (when appropriate) board-authorized graduate tuition to compute total nonresident tuition.

$$\text{Nonresident tuition} = \$465 \text{ per SCH} + (\text{Designated Tuition}) + (\text{Board-authorized Graduate Tuition})$$

Section 54.051(d) of the Texas Education Code provides:

Unless a different rate is specified by this section, tuition for a nonresident student at a general academic teaching institution or medical and dental unit is an amount per semester credit hour equal to the average of the nonresident undergraduate tuition charged to a resident of this state at a public state university in each of the five most populous states other than this state, as computed by the coordinating board under this section. The coordinating board shall set the tuition rate provided by this subsection for each academic year and report that rate to each appropriate institution not later than January 1 of the calendar year in which the academic year begins, or as soon after the January 1 date as practicable. In computing the tuition rate, the coordinating board shall use the nonresident tuition rates for the other states in effect for the academic year in progress when the board makes the computation.

**The University of Houston**  
**Operating Budget for the Fiscal Year 2018**  
**Budget Guidelines**

**Positions**

All continuing positions should be included in the budget. Dollars budgeted for operating expenses should not normally be converted to positions during the course of the fiscal year. Likewise, positions should not be budgeted with a plan to lapse significant unused funds for other purposes.

It is not normally appropriate to fund continuing positions with temporary or one-time dollars.

Deans and vice presidents are encouraged to lapse unspent salary dollars at regular intervals throughout the year. These lapse funds should be reallocated to areas of the college or division to gain maximum benefit.

A. Positions not Filled

Budget dollars and FTE for positions not filled will be budgeted at the pool (node) level, not individual positions.

B. New Positions

Requests for new positions must be adequately justified and approved by the president. Only new positions approved through this process may be included in the budget.

**Benefits**

A. E&G Funds (Group 1) (with the exception of HEAF) - Benefits for E&G state cost centers will be budgeted centrally, not at the college/division level.

B. Local Funds and Sponsored Programs (Groups 2-5) – As a general rule, the benefit rate should be 32% of employees salaries. Specific calculations can be made based on benefit rates located in the appendices section.

**E&G Fund Budgets**

A. Budgeting Prior Year Balances

Unexpended balances in most state cost centers will be carried forward as fund equity at the beginning of the fiscal year.

Carryforward dollars should be requested after the first of the fiscal year for new program start-up costs, equipment, professional development and other one-time uses. **Carryforward dollars cannot be used to fund core operations or continuing positions.**

**Local Funds Budget**

The total budget, including the number of staff positions and the size of the maintenance and operation budgets, will be based on need, current projected income, and fund balance available at the start of the fiscal year.

A. Fund Equity

Fund equity balances remain in their respective cost centers. Year-end budget balances available (BBA's) in non-state cost centers are *not* brought forward at the beginning of the fiscal year. It will be necessary to budget the portion of the unbudgeted fund equity if it will be relied upon to fund the operations of the unit.

At the beginning of the fiscal year, carryforward budgets will be adjusted down if budgeted equity amount is greater than the equity balance available at the beginning of the fiscal year.

B. Revenue

Each Designated and Auxiliary Enterprise unit is responsible for providing revenue estimates based on program activity and rate structure. At the end of the fiscal year, actual expenses may not exceed actual revenue plus fund balance. Each college is responsible for monitoring the revenue realized in their cost centers throughout the year. The budgets should be reduced by the department at any point during the year at which the full recognition of the revenue is doubtful.

The use of Indirect Cost (IDC) recovery revenues is split between Research and the academic units. Revenue estimates and expenditure allocations are provided each year by Research. These allocations are communicated through the budget office. The departments are responsible for the budgeting of their allocated IDC.

Estimated endowment income distribution is calculated by Treasury and is located in the appendices section of this book. It is the responsibility of the college/division to budget this investment income from column labeled "Est. FY17 income".

C. Encumbrances

Encumbrances and their budgets, if available, will be carried forward automatically at the beginning of the fiscal year.

D. Utilities

Budgeted at an amount for utility costs based on anticipated usage and rate estimates that reflect the projected utility cost increases.

E. Auxiliary Administrative Charges

The activities classified as auxiliary are self-supporting. As such, the price of goods and services are set at a level to cover ordinary operating expenses.

Auxiliary activities consume certain services that are provided by the administrative areas. Therefore it is appropriate that auxiliary activities share a proportional amount of the administrative costs. This proportional cost is assessed based on actual expenditures less the cost of goods sold. The charge applies to all auxiliary cost centers and is assessed at the end of each month throughout the year.

The FY18 budget should be based on the rate of 6% (which is flat to the FY17 budget) with an estimate included in the expenditure budgets for all auxiliary cost centers.

**Sponsored Programs**

Units supported by these funds are allowed to spend as revenue is recorded. Sponsored Project cost centers are budgeted for the life of the award and do not necessarily coincide with the University fiscal year. Operating units are responsible for cost centers within their areas and will ensure spending within estimated revenue.

The Research Division will assist in estimating the expenditures and balances available for FY18.

**The University of Houston**  
**Operating Budget for the Fiscal year 2018**

**Budget Principles**

The development of the Fiscal year 2018 (FY18) operating budget will be based on the following budget principles:

*Planning Driven Budgeting.* The allocation of resources is driven by the priorities and initiatives defined in the planning process.

*Realism.* Recommended budgets for ongoing operations reflect current levels of actual income and expenditures. Budgets should accurately reflect the pool from which the expenditures are expected to occur. Recommended budgets are developed from base budgets with a check on current performance.

*Unbiased Forecasts.* Income projections are maximum likelihood estimates. They reflect neither an upward nor downward bias.

*Full Disclosure.* All revenue sources are budgeted. Prior year balances in support of current year expenditures are budgeted. All sources of funds supporting expenditures are included in budgeted income estimates.

Uses of available funds include all budgeted expenditures and transfers. Expense budgets should be established for those funds that are expected to be used. Conversely, funds cannot be spent or transferred unless they are budgeted.

*Balance.* Budgeted sources of funds available are equal to budgeted uses of funds.

*Prudent Fund Balances.* Prudent and reasonable fund balances remain unbudgeted.

*Year to Year Comparability.* Changes in income and expenditures from one fiscal year to another reflect only substantive changes in funds available and expenditures. Year to year changes in income and expenditures do not result from changes in accounting conventions, organizational changes, creation or consolidation of cost centers, or shifts in income and expenditure classifications.

*Compatibility.* Budget reporting practices and conventions agree with generally accepted accounting principles. Budgeted income and expenditures are reported to correspond with actual income and expenditures.

## HR Announces the FY18 Merit Guidelines

The distribution of merit will be concentrated on rewarding the most productive staff that continue to work to further our Tier One goals. The following guidelines have been approved to identify those staff employees that will be eligible to be considered for merit.

### To be eligible staff employees must:

- Be classified as benefits-eligible and not a contract employee
- Be employed on or before September 1, 2016
- Have a 2016 staff ePerformance appraisal with an “Achieved Expectation” or above rating
- Supervisors or managers must have completed ePerformance documents for all their subordinates by March 1, 2017
- Completed the mandatory training required for state and federal compliance SAM 02.A.11 by November 18, 2016
- Clear any delinquent debt by December 1, 2017

### Allocation of Merit:

- Merit distribution is determined by each Division by reviewing budget, compliance with merit guidelines, and equity
- Staff merit increases will be effective January 1, 2018
- The minimum merit increase is 2% and a maximum of 6%.
- Staff employees who have exceeded their pay range maximums may be eligible for a one-time merit payment but not a merit pay increase. For example if at a minimum a 2% merit increase takes the employee above their pay range maximum then the department can request a one-time lump sum merit amount. This amount will not be added to the base salary of the employee.
- Salary adjustment for employees on contract will be handled as specified in the contract
- Eligibility for merit does not guarantee staff employees will receive merit
- Employee notification letters will go out following review by Division Vice Presidents and HR

### Definitions:

- *Benefits-eligible staff employee:* An employee who is hired to work at least 20 hours per week for a period of at least four and one-half months. Excluded from this definition are students employed in positions that require student status as a condition of employment (both monthly and hourly paid students) and individuals employed in faculty (both teaching and research) positions. Contract employees, Teaching Fellows, Teaching Assistants, Graduate Assistants and Research Assistants are not considered benefits-eligible staff employees
- *Merit increase:* A pay increase granted in recognition of an employee’s individual performance level and based upon documented performance criteria
- *Merit increase budget:* The budget amount, determined by the administration that is authorized for merit increases during the budget preparation

**CoogPlan data entry and report generating functions are unchanged from FY18 budget development. Therefore training classes are recommended only for those staff that are new to the CoogPlan system operations.**

**CoogPlan Training** – CoogPlan (Hyperion Planning & Budget) training will be from Thursday February 8th thru Monday February 12th 2018. On the attached file, please select the date and session (either morning or afternoon) and list your name, department and college/division. There will be two separate sessions scheduled as follows:

Morning - 9:00 – 11:30  
Afternoon - 2:00 – 4:30

Since we have limited space and sessions, please respond by February 1st to reserve the date and time.

Training will be in ERP-3 Room 242. Manuals will be available on the budget office website. Please bring a print-out of the manual to the training

If you have any questions on CoogPlan training, please feel free to contact Mayra Rodriguez at 30651 or Sameer Iftikharuddin at 30653.

Thanks

# University of Houston Mission and Goals

## UH Mission

The mission of the University of Houston is to offer nationally competitive and internationally recognized opportunities for learning, discovery and engagement to a diverse population of students in a real-world setting. The University of Houston offers a full range of degree programs at the baccalaureate, master's, doctoral and professional levels and pursues a broad agenda of research and creative activities. As a knowledge resource to the public, the university builds partnerships with other educational institutions, community organizations, government agencies, and the private sector to serve the region and impact the world.

## UH Goals

- *National Competitiveness*  
UH will become a nationally competitive public research university as measured by the Top American Public Research University analysis and/or Carnegie Foundation for the Advancement of Teaching.
- *Student Success*  
UH will have a student profile consistent with a nationally competitive public research university by creating an environment in which student success can be ensured.
- *Community Advancement*  
UH will commit to fulfilling regional and state workforce needs while becoming the primary engine of social, economic, and intellectual development.
- *Athletic Competitiveness*  
UH will provide a comprehensive educational experience to its students and, within this context, it will seek to build the strongest athletic program possible.
- *Local and National Recognition*  
UH will be known for its accomplishments locally and nationally.
- *Competitive Resources*  
UH will build a resource base that enables it to accomplish its mission and realize its vision.

## GLOSSARY OF TERMS FOR THE OPERATING BUDGET

Academic Year	A nine-month period within a fiscal year beginning in September and ending in August and containing the academic sessions held during consecutive Fall and Spring terms.
Appropriation	Operating and capital outlay funds provided to the University of Houston for a fiscal year as appropriated by the State Legislature and signed by the Governor.
Approved Positions	The maximum annualized FTE that can be filled during the fiscal year. Positions are approved through the Legislative Appropriation Request process.
Auxiliary Enterprises	An activity that furnishes a service to students, faculty, or staff and charges a fee directly related to, but not necessarily equal to the cost of the service. They are essential elements in support of the educational program, and conceptually should be regarded as self-supporting.
Budget	Original Budget loaded: The original amount of budget approved during the budget development and allocation process. Original/Base Budget: The original budget plus or minus any permanent transfers or adjustments. Adjustment/Current Budget: The original budget plus or minus any temporary or one-time adjustments.
Budget Development Module	(BDM) Web-based budgeting tool.
Budget Journal	The document used to establish or modify the spending authority in a cost center.
Budget Balance Available (BBA)	The amount of budget that has not been spent or is not committed.
Budget Principles	The philosophy within which the operating and capital budgets are developed.
Budget Process	The activity that encompasses the submission of the biennial Legislative Appropriation Request, the Appropriations Act, the allocations of funds at the University level by the President, and the University Operating Budget. Allocations are determined by the university mission, size, organization, economic factors and Texas law.
Budgeted	Refers to planned level of expenditures, performance, or number of positions for a particular fiscal year.
Biennium	A two-year period. In Texas, as used in fiscal terms, this is the two-year period beginning on September 1 and ending on August 31 of odd-numbered years, for which general state Appropriations are made. A biennium is identified by the two-fiscal years of which it consists, e.g., 2017- 2018 biennium.
Capital Budget	That portion of the budget that is expended for capital construction projects or capital acquisitions.
Capital Equipment	A basic expenditure category represented in the university operating budget, which details the cost of equipment with a life expectancy of more than one year and a cost of \$5,000 or more.
Cost Center Budget	The spending authority established for an activity. The budget does not affect fund equity or cash. A cost center may have a budget balance available (BBA) but be considered in deficit, if actual expenditures exceed realized revenue. A BBA is only meaningful if the revenue budget is fully supported by cash in the general ledger.

Education and General (E&G) Funds	The general activities supported primarily by State Funds to provide services and programs throughout the University, including instructional programs leading to formal degrees, research and public service.
Encumbrance	A financial transaction which reserves funds for a specific purpose.
Estimated	Refers to estimated revenues and expenditures for the current fiscal year. Because these numbers are developed later in the fiscal year, they are considered to be more accurate than budgeted numbers.
Expended	Refers to actual dollars or positions utilized during a completed fiscal year.
Expenditure	A financial transaction which records the cost of operations.
Fiscal Year	A twelve-month period of time beginning September 1 <sup>st</sup> of one calendar year and ending August 31 <sup>st</sup> of the next calendar year, and specified by the calendar year in which the fiscal year ends, e.g. September 2017 through August 2018 is fiscal year 2018.
Full Time Equivalent (FTE) Positions	<p>A unit of measure that represents the average number of state personnel working 40 hours a week. A nine-month faculty position (the academic year) is equal to an annual .75 FTE. A University Support Personnel or Administrative and Professional position for twelve months equal is to 1.0 FTE. This includes all faculty positions, full time exempt positions, full time classified positions, and full time hourly and seasonal positions. In addition, it includes those positions which are not full-time regular positions, but are converted to full-time equivalents.</p> <p><b>Term FTE:</b> The Full Time equivalent which should be reported on the Personnel Action Request (PAR) for the duration of the assignment. It is equal to the standard hours per week divided by forty.</p> <p><b>Annualized FTE:</b> Equal to the Term FTE times the duration of the assignment. The duration of the Fall or Spring semester is 4.5 months/12 months which equals 0.375. The duration of the three month summer is 3 months/12 months which equals 0.25. The Annualized FTE is the calculated amount which is reported to the State on a quarterly basis.</p>
Full Time Equivalent (FTE) Students	A workload measure based on credit hours generated for each term divided by the appropriate undergraduate or graduate divisor. The divisor (one FTE) is equivalent to 15 credit hours at the undergraduate level or to 12 credit hours at the masters level or special professional level, and to 9 credit hours at the doctoral level.
Fund Equity	The difference between realized revenue and actual expenditures, net of any other fund additions or deductions. The fund equity is not affected by the budget or encumbrances.
General Revenue Funds	State funds appropriated to the University and which are used for operating funds.
Higher Education Assistance Funds	Special appropriations for eligible institutions of higher education to be used (HEAF) for acquisition of land, permanent improvements, construction and equipping of buildings, major repair or rehabilitation of buildings, and the acquisition of capital equipment, library books and library material.
Legislative Appropriation Request (LAR)	The method of submission by each state agency as a biennial budget request to the Legislative Budget Board in the year preceding the convening of the Legislature.
Legislative Budget Board (LBB)	The Texas Legislative Budget Board (LBB) is a permanent, joint committee of the Texas Legislature that develops recommendations for legislative appropriations for all agencies of state government.

Local E &G Funds	Dollars collected from students by the University, remitted to the state treasury and then reallocated to the University for expenditures on Education and General activities. Students' tuition and matriculation fees make up the largest portion of these funds.
Local Funds / Institutional Funds	Funds that belong to entities of the University that are maintained in local banks rather than the State Treasury. Some student fees, Designated Tuition, time deposits, sales and services make up the largest portion of these funds.
Maintenance and Operations	A basic expenditure category represented in the university operating budget, which details the cost of postage, telephones, travel, consumable supplies, and non-capital equipment.
Operating Budget	An expenditure plan developed by a university for each fiscal year. The plan must conform to the annual allocation/appropriation and indicate estimated expenditures for the year by expenditure category.
Electronic Personnel Action Request (ePAR)	The form used to hire or terminate an employee or change an employee's job record, usually resulting in a payroll action.
Electronic Position Request (ePRF)	The form used to create a new position or change a position's attributes or funding source.
Project Year	A twelve-month period beginning in the first month a project cost center is established. A project year may not coincide with the university's fiscal year.
Recommended Budget	Refers to dollar amount or number of FTE positions recommended by the institution for the subsequent fiscal year.
Requested	Refers to the dollar amount or number of FTE positions sought by a college or division for use during the subsequent fiscal year.
Revenue	Financial transaction, which records new funds received by the institution.
Salaries & Benefits	A basic expenditure category represented in the university operating budget, which details funds to pay faculty and salaried employees.
Salary Rate	An individual's total annual rate of pay, excluding benefits.
Wages	A basic expenditure category represented in the university organizational budget, which details the cost of temporary employment such as Student Assistants, Graduate Assistants, Consultants, and Faculty Adjuncts.
Workflow	Order in which specific work is performed; in PeopleSoft, a background process that creates a list of administrative actions based on the user's criteria and specifies the procedure associated with each action.

For additional terms and definitions please visit:  
<http://www.uh.edu/finance/Glossary.htm>

## Full-Time Equivalent Analysis and Definitions

### Full-Time Positions

With regard to full-time position, FTE should exceed 1.0 only when the additional responsibilities represent a true overload and not simply a reassignment. Chair responsibilities, for example, do not constitute an overload; neither do additional teaching responsibilities or special awards faculty. FTE overloads will be assigned only when a 1.0 FTE employee accepts additional responsibilities in another division.

### Part-Time Positions

In general, all FTE will be assigned according to hours worked per week, with 40 hours equal to 1.0 FTE (the state standard). Below are definitions to be followed regarding temporary faculty positions:

#### *Lecturer (Category I)*

Lecturers whose responsibilities are primarily instructional are assigned 0.20 FTE per 3 credit hour course (or eight hours per week).

#### *Lecturer (Category II)*

Lecturers whose responsibilities include instruction plus additional responsibilities are assigned 0.25 FTE per 3 credit hour course (or 10 hours per week).

#### *Teaching Assistant/Teaching Fellow/Research Assistant*

The standard assignment for these positions is 0.5 FTE (for 20 hours per week). This assignment will not be exceeded. The teaching fellows classification must be used for teachers of record.

#### *Faculty Retiree*

In accordance with the state's Voluntary Modification Plan, these positions are assigned 0.49 FTE.

#### *Summer Instruction*

Benefits-eligible faculty are assigned 0.5 FTE per 3 credit hour course (or 20 hours per week over a three-month period). Non-benefits-eligible faculty are assigned 0.2 FTE per 3 credit hour course (or eight hours per week over a three-month period).

#### *Summer Research Faculty*

Summer research faculty are assigned 1.0 FTE (for 40 hours per week over a three month period).
