If you have an accident:

- Do not panic and stay calm. An accident is upsetting and car involved in the accident. It can all be sorted out later.
- Help anyone that has been injured. If possible, do not move anyone. Call the police and fire department.
- Prevent another accident. Move your car out of the way of traffic and off road if possible.
- Give a factual account. When you talk to authorities, stick to the facts of what happened. Discuss only what you saw and how you were involved. Obtain the police report number if possible.
- Fill out the questions contained in this booklet to gather relevant information OR take photos of the drivers licenses and the damage of the other parties involved.
