

Lunch & Learn Series

FY27 One-Time Request (e)

Goal: To host six engaging conversations each academic year with UH students on topics and resources related to student success.

These sessions provide an important opportunity for open forum discussions with student groups, allowing students to share feedback, insights, and suggestions about the programs and services available to them. By actively listening to students' perspectives, the university can identify ways to enhance existing offerings, develop new initiatives, and better support student success.

Engaging students in these structured conversations fosters a sense of ownership and belonging, strengthens campus-community connections, and ensures that DOS programs and resources are responsive to the evolving needs of its diverse student population.

Funding Request: \$4,000 for food.

6% Administrative Fee: \$240

Total Request Amount: \$4,240
